

We are truly proud and excited to offer HF Upper Management for sale in Denver. The cool thing about Upper Management is you would pick him out of any group without knowing his pedigree. He's big footed, easy moving and phenotypically as good as it gets. The bonus is his pedigree! His dam HF Miss Knockout 74T's genetics are still some of the most consistent and sought after in the Simmental breed today. There is not enough room on any footnote page to put her sale toppers and show ring winners. From purebreds (HF Serena) to percentage (HPF Miss Karma) 74T works. Combine her with the desirability of Sandeens's Upper Class and you have something special! Selling full possession and ½ semen interest.
